Headline:
Friday chilly breeze, especially near the coast. Some sunshine.

Today:
Chilly with some bright or sunny spells. Cloud increasing at times through the day, especially across more eastern areas, towards the coast, where it will feel quite cold, and winds will be strongest. Chance of a light shower. Maximum temperature 11 deg C (52 deg F).

Tonight:
A chilly night with frost well inland, especially across Derbyshire where skies could mostly remain clear. Cloud increasing again for most remaining areas. Winds decreasing light away from coasts. Minimum temperature 2 deg C (36 deg F).

Saturday:
Saturday will be another colder than average day. Dry with variable cloud amounts. Some bright or sunny spells. Winds generally light, but brisker near the coast, especially at first. Maximum temperature 11 deg C (52 deg F).

Outlook for Sunday to Tuesday:
Sunday notably milder with sunny spells. Breezier later. Overnight rain and showers with strong winds. Monday and Tuesday much colder with wintry showers and coastal gales. Snow in places.
